LINCOLN, WE PRAISE

Our high school days are nearly o'er,
Of four long happy years;
And now we stand before life's door,
Glad as the time draws near;
The years have been filled with glad bright hours,
And castle, "Success" before us towers,
Our task we've done well you'll surely say,
So singing we take our way.

Chorus

Lincoln, Lincoln, Our praise to thee we sing;
Thanks for many dear busy hours we bring.
For this helpful beginning of life's way
With happiest hearts we laud thee now,
On our commencement day.

Our ideal bright before us stands,
Dear to the hearts of all.
And daily character expands,
Under this strong clear call;
A life that is humble yet so strong,
With honor like his we can't go wrong
So keeping this guide in future years,
We'll go on our way with cheers.
